OBJECTIVE

Motivated Business Information Systems student with a strong interest in Data Analysis and the banking sector. Strong in SQL, Excel, and Power BI, with a passion for data analysis, data visualization, and generating actionable insights to support data-driven business decisions. Quick learner and team player, eager to apply academic knowledge in real-world banking operations and contribute to digital transformation initiatives while continuing to develop professionally.

EDUCATION

Modern Academy

Sep 2023 - Sep 2027

BIS Undergrad, Business Information Systems

GPA: 3.88

INTERNSHIPS & TRAINING

Junior Data Analyst - Data Analytics Track

Jul 2026 - Dec 2026

Digital Egypt Pioneers Initiative (DEPI)

- Completed hands-on training in data analytics fundamentals including data concepts, basic statistics, and data-driven thinking.
- Gained practical skills in Excel, Power BI, SQL, Python, and Tableau for data cleaning, analysis, and visualization.
- Built dashboards and reports using Power BI and learned data cleaning techniques through Power Query.
- Covered data governance, prompt engineering, and a capstone project involving real dataset exploration and insight communication.

Business Intelligence with Power BI Training

Aug 2026

SMG

- Used Power Query to clean, transform, and merge data from multiple sources, and built Fact/Dimension tables with relationships for data modeling.
- Created calculated columns and prepared data for analysis.
- Built interactive Power BI reports (Cards, Slicers, Bar, Pie, Donut, and Funnel Charts) to analyze revenue, sales, and branch performance.

SQL Training

Jul 2025

IT Gate

- Learned SQL fundamentals including writing queries, filtering, and sorting data using SELECT, WHERE, and ORDER BY.
- Practiced combining data from multiple tables using different types of JOIN statements.
- Strengthened analytical thinking and data-handling skills relevant to business information systems.

CIB Summer Internship

Jul 2024

Commercial International Bank (CIB)

- Gained hands-on exposure to banking operations and the practical workflow of a leading financial institution.
- Built foundational knowledge of digital transformation and data literacy concepts applied in the banking sector.
- Developed financial literacy, entrepreneurial, and human-centric interpersonal skills through structured training sessions.

WORK EXPERIENCE

Crew Member - Tahrir Branch, Cairo

Oct 2022 - Jun 2023

McDonald's

- Provided front counter and dining area customer service while supporting smooth team workflow during peak hours.

PROJECTS

Donight - Donuts Ordering Website

- Led a team of three members as Team Leader, coordinating task distribution and managing the project timeline.
- Built a donut shop ordering website that lets customers browse the menu and place orders through a simple, user-friendly interface.
- Tools: HTML, CSS, JavaScript.
